Thank you to our PFA and parent volunteers who had a busy weekend at the Koroit Irish Festival cooking pancakes. It was another great success and important community event for our school. After a busy few months our pancake trailer will have a rest now and have some maintenance done. On behalf of the students and families of our school can I thank everyone who has done a pancake shift over the past few months and helped out in any way they can, to make our pancake events the success it is. The money we raise from all our pancake events/shifts go directly to helping every family and student at our school. Our PFA do an amazing job organising all the shifts and events and we thank them sincerely for their work. Please, if you are asked to give our PFA a hand, please do so. Like the saying goes, many hands make light work.

Here are some of the extra experiences our students have because of our PFA and parent helpers doing pancakes: Mother’s Day Stall, Father’s Day Stall, Footy Day, School Disco, Christmas Break up, Year 6 Graduation, Welcome BBQ and lunch at House Sports Day, Lunch for End of Term Break ups, Subsidising of Camps and Excursions like our trips to Melbourne to see musicals like the Lion King.

PUPIL FREE DAY FRIDAY MAY 27
Friday May 27 is a curriculum day for staff who will be involved in Professional Development and planning on this day.

WINTER IS HERE
The weather is now getting wet and cold so students should have raincoats packed in bags ready in case the weather turns nasty, particularly before and after school. When it is too wet or cold we have a recess/lunch time wet weather timetable indoors for all students.

LUNCHBOX IDEAS

LUNCHBOX PIKELETS

INGREDIENTS
• 1 cup overflowing SR Flour (use GF if you wish)
• 1 cup full cream milk
• 1 egg

METHOD
1 Mix all ingredients together til there are no lumps or something you may wish to do with the kids is to put everything in a screw top jar, put the lid on and get them to shake it like mad (just like the store bought shake and bake ones, but just better because their are no additives or preservatives.
2 Heat a frying pan over high heat. Grease well with olive oil spray or coconut oil.
3 Use 1/4 cup to pour small amounts into the pan to make the pikelets – about 8cm in diameter.
4 Turn heat down a little. As the pikelets bubble and pop, flip the pikelet over and cook the other side.
5 Allow all pikelets to cool on a plate before using in the lunchbox or freezing.

FREEZING / STORING INSTRUCTIONS
Store 2 pikelets in individual zip lock bags (once they’ve stopped steaming) and freeze. Alternatively, you can put baking paper in between each set of two pikelets, and then freeze them in one bag.

ANOTHER 2 WAYS TO USE THIS RECIPE
• Spread 2 pikelets with cream cheese then place banana and honey between the 2 pikelets
• At step 4, before you flip the pancakes over, pop a couple of blueberries into each pikelet
