iPAD WINTER CLEAN
It’s time to check and do some iPad maintenance please. Dust is an iPad killer. iPads should be cleaned weekly and old covers replaced. Parents can you please ensure your child’s iPad is damage free and has a cover at all times. Old Apps, photos and videos need deleting that are no longer needed. Please also check the Apps students have are appropriate. Teachers do this, but from time to time students need reminding about maintaining their own iPad. Thanks for your support with this.

PREVENTING CHILDHOOD OBESITY Great South Coast STUDY
Information from Deakin University has gone home this week about the Prevention of childhood obesity within Great South Coast study.

All Grade 2, 4 and 6 students are participating in schools across the region. This study will examine influences on healthy weight and related behaviours, physical activity and quality of life among children and adolescents across the Great South Coast region of Victoria. We ask that you please read the information sent home by Deakin carefully. An OPT-OUT consent process is being used by Deakin, whereby your child’s participation in this study is assumed unless you indicate via the return of the signed OPT-OUT consent form that you do not wish for your child to participate.

All information obtained in this research is confidential. Results of this study will provide information about effectiveness of current efforts to improve the health of Victorian children and adolescents. This information will be used by educators, policy makers, health service providers and researchers in future efforts to improve the health of Victorian children and adolescents. The data gathering day for our school is June 1st 9.30am - 11.00am.

EDUCATION WEEK 2015 MAY 17-23

SCHOOL EVENTS

<table>
<thead>
<tr>
<th>Tuesday May 19</th>
<th>Visiting Performance from New Zealand company Playhouse. Jack and the Jumping Beanstalk</th>
</tr>
</thead>

Grade 2/3 Students needed all their fingers and lots of patience to learn the fine art of finger knitting yesterday with Miss V1

Respect Excellence Teamwork Care
Many schoolchildren bring their lunch home with them at the end of the day, which can be frustrating. There may be a variety of reasons why your child does not eat all the food in their lunch box. The following suggestions may be helpful:

**The lunch box style** – your child may have an issue with their lunch container. They might prefer a brown paper bag or want the latest fashion in lunch boxes to be like the other kids. It may be difficult for them to open.

**Boredom** – try to pack a different lunch every day. For younger children, cut the sandwiches in different ways to add interest: for example triangles, squares or strips. You could even use one slice of white and one slice of brown to make a ‘zebra’ sandwich.

**Too dry** – if they say the filling is too dry, try leaving a sandwich uncut. Some fillings like dips or peanut butter may stay fresher this way. If your child’s appetite seems small, offer smaller servings. For example, half a sandwich might be more appropriate than a whole one.

**Fiddly and sticky** – make sure the foods are manageable and easy to eat. Some children are put off by fiddly packaging or don’t like getting sticky hands. Fruit can be made easier to eat. For example, remove orange peel or cut a kiwifruit in half and include a spoon in the lunch box.

**Make other meals count** – if your child hardly eats anything from their lunch box despite your best efforts, try to at least ensure they have a nutritious breakfast and dinner. Trust that your child will eat when hungry.

In science during term two we have been doing Makey Makey with Mrs. Cumming. Makey Makey is when we have to make a circuit using something that conducts like some grey leads on paper, tinfoil, copper, and all types of metal. We can even use things like water, carrots, basically anything that can conduct electricity. We all love Makey Makey because it’s fun and creative, we can almost make anything! People have made their own musical instruments, their own operation games and their own controllers.
KITCHEN GARDEN PROGRAM

TERM 2 2015

If you can spare us a few hours of your precious time, we would really appreciate it and the students love having a special someone in their class to help! The program usually runs from 9am – 12.30pm and for those new to the school – you help the students prepare a 2 or 3 course meal from scratch, help them cook it and eat it (the best bit!) and help them with setting the tables and cleaning up.

Please let Suzi know if you can help out on 5569 2241 or send an email to woolsthorpe.ps@edumail.vic.gov.au. You can also call Tory on 5569 2496 or 0414 895 585. The dates are as follows:
