Thank You
REPORTS
Student Reports this year will look a little and feel a little different. We have a new program and schools now have some choice about how reports look. In the past our parent satisfaction with reports has been very high. Teachers spend many extra hours writing comments and ensuring your child’s report is personalised, clear and a true reflection of where they are at with their learning at this time of year. Student Reports will go home on June 26.

IN APP PURCHASING
Please talk with your children about In App Purchasing on iPads. We have been informed by a parent that some FREE Apps that students use, have In App purchasing. This means students are buying items inside FREE Apps like Subway Surf, Nail Salon. These purchases can happen when students know your iTunes Account password. It is important only you and your child’s teachers have your iTunes Account information. Teachers do monitor the Apps students have, but we all need to be vigilant and work together on this. As mentioned in the newsletter it is important to be talking with your children about internet use, iPad use and accessing information online. Technology (ICT) and the internet are powerful learning tools and very much part of our day to day life. It is also something we will continue to learn about together things continue to develop and change. Thanks for your support with this.

VOLUNTEERS & EXTRA CURRICULA ACTIVITIES
I would like to make special mention of some of the many extra programs we offer here at Woolsthorpe. Many of these are extra curricula activities that staff and parents organise in their own time, on top of everything else they do. Thank you to everyone that helps out and makes our school so special. We can NOT do what we do without our parent volunteers.

REMINDERS

iPad Winter Clean
It’s time to check and do some iPad maintenance please. Dust is an iPad killer. iPads should be cleaned weekly and old covers replaced. Parents can you please ensure your child’s iPad is damage free and has a cover at all times. Old Apps, photos and videos need deleting that are no longer needed. Please also check the Apps students have are appropriate.

Preventing Childhood Obesity Great South Coast Study
Information for all Grade 2, 4 and 6 students from Deakin University has gone home this week about the Prevention of childhood obesity within Great South Coast study run by Deakin. An OPT-OUT consent process is being used by Deakin, whereby your child’s participation in this study is assumed unless you indicate via the return of the signed OPT-OUT consent form that you do not wish for your child to participate. The data gathering date for our school is June 1st 9.30am - 11.00am. Students will complete surveys and be measured on this date.

Jack Flash & The Jumping Beanstalk

New Zealand Playhouse Performance

It was an environmental emergency of preposterous proportions! Giant pieces of garbage keep dropping on the hapless inhabitants of A Land Far Far Away and nobody knows who’s responsible.

Working with the Grade 1/2 class to draw the most awesome (and biggest) beanstalk ever!

It was hilarious! Very interactive and everyone enjoyed watching it.
- Isabelle

It was great! It made us all laugh!
- Michaela

Not all children enjoy eating sandwiches

Most parents want their child to take a healthy lunch box to school. After all, studies have shown that a nutritious lunch helps kids perform better educationally. At the same time, parents want their child to actually eat their lunch!

Discovering your child hasn’t even taken a bite of their lunch box sandwich and only nibbled on an apple is frustrating. It’s enough to make a parent take the easy lunch box option of resorting to expensive pre-packaged snacks, just to ensure something from the lunch box gets eaten.

While sandwiches are the easiest lunch box option, if your child won’t eat them, then you need to become particularly creative with healthy lunch box ideas.

Try options like wraps, scrolls, scones, frittata, quiche, vegetable spring rolls, muffins, banana bread, pancakes or pikelets. Talk to your child - what would they like?
Federal Member for Wannon

Every Victorian child should have access to the world of learning opportunities that exist beyond the classroom. The Camps, Sports and Excursions Fund will ensure that no student will miss out on the opportunity to join their classmates for important, educational and fun activities.

School camps provide children with inspiring experiences in the great outdoors, excursions encourage a deeper understanding of how the world works and sports teach teamwork, discipline and leadership. All are part of a healthy curriculum.

Camps, Sports & Excursions Fund (CSEF)

CSEF will be provided by the Victorian Government to assist eligible families to cover the costs of school trips, camps and sporting activities.

If you hold a valid means-tested concession card or are a temporary foster parent, you may be eligible for CSEF. The allowance will be paid to the school to use towards expenses relating to camps, excursions, or sporting activities for the benefit of your child.

The annual CSEF amount per student will be:
- $125 for primary school students
- $225 for secondary school students.

How to Apply
Contact the school office to obtain a CSEF application form or download from www.education.vic.gov.au/csef

Closing Date
You should lodge a CSEF application form at the school by 26 June 2015.

For more information about the CSEF visit www.education.vic.gov.au/csef
