REMINDERS

iPAD CLEAN PLEASE
Dust is an iPad killer. iPads should be cleaned weekly and old covers replaced. Parents can you please ensure your child’s iPad is damage free and has a cover at all times. Broken iPad screens need to be fixed. Old Apps, photos and videos need deleting that are no longer needed. Please also check the Apps students have are appropriate. Teachers do this, but from time to time students need reminding about maintaining their own iPad. Thanks for your support with this.

MEDICATION
To administer medications, written permission must be provided, dated and signed. Please assist the teacher by labelling the tablets or mixture with your child's name, the dose and the time the medication is to be given. It is preferable that parents bring the medication to school at the appropriate time and administer it themselves.

PARENT TEACHER CONFERENCES
Parent/Teacher Conference day is Wednesday September 17th this is a Pupil Free Day at school. Parents will be able to make appointments between 1pm and 7pm with teachers to discuss their child’s learning and have a conversation about their progress and areas for improvement. Appointments can be booked during the week of September 7th on Tqbiz.

SCHOOLS ASBESTOS AUDIT PROGRAM
You may have noticed some sticker’s around the school on buildings relating to a recent Asbestos audit. This is happening in all school across the state as part of the Victoria Governments election promise, to remove all asbestos in schools. The stickers are precaution only. Staff and Students are not in any danger of exposure to asbestos. The Audit is about updating documents for our school which are over 5 years old. The stickers are in places where asbestos used to exit and before our new school was built. Until our updated report is finalised these stickers have to remain.
