The countdown to our Camping program is almost over. This coming Monday our grade 2/3 campers will set sail for Port Fairy, with our grade 4/5/6 students heading off to Cape Bridgewater on Wednesday. Our Prep/1 students also have their sleepover on Thursday Night which I’m sure they are looking forward to. A huge amount of planning and work goes into organising camps by staff and many extra hours are volunteered, away from their own families outside school hours during the camp overnight stays (if you get a chance please say thank you to our teachers). Camps are an important part of our learning program and extra curricula opportunities. As a result of the camping program students learn many life skills. Our Learner Traits of Determination, Collaboration and Initiative are very visible skills learnt on camp. We encourage students to try new things and have a go at all activities. The activities students take part in challenge them and show them how to persist to be successful. As I will be on the grade 4/5/6 camp any urgent matters can be directed to Suzi who I will touch base with each day.

**Twitter**

**Why have a Twitter account:** “Twitter is a unique social networking platform used to keep you informed, connected with friends and up to date with news and ideas about your interests, hobbies and passions”

As a school we use Twitter to share our learning and programs, whether it is a short message, learning photo or video, we think it is great way you as parents can see our learning programs in action. We would encourage all parents to set up a Twitter account and start following the school and other areas of interest to you. If you want help setting up an account please let us know, we can do this here at school. Please Follow the school on Twitter @woolsthorpeps or ask your child what their classroom Twitter feed is.

**Reminders**

**Emergency Management**

We are currently reviewing our school emergency management plan this term for the up and coming fire season. Our emergency management plan covers things like bushfire, onsite fire, gas leaks, flood and emergencies, road accidents in the area, severe weather and storms, bus procedures in case of emergency and lockdown. We practice our evacuation drill throughout the year so students are familiar with this process. Our onsite evacuation point is the school oval for all internal emergencies like, fire, gas leaks or flood. In the event of all emergencies parents will be communicated with and informed about any outcomes. All decisions around emergency management are made to ensure the safety of students, staff and parents.

**Bus Travellers**

Please note for safety reasons, if there is an emergency that effects our bus routes, like a road accident causing road closure, flood, bushfire in the area BUSES WILL NOT RUN. Students will be kept safe at school. Parents will be contacted via Tiqbiz and asked to collect their children from school.

**School Magazine**

Our end of year magazine is starting to take shape if you have any ideas and articles to contribute please contact Tracey Taylor. This year the school magazine will cost $20 as it will be published in colour by Amazon Printing. If you wish to see the quality of last year’s there are copies in the office. Order forms will be coming home soon.

**School Drop Off and Pick Up**

It has been mentioned that the driveway of the Wright’s house next to the school is being blocked, please be sure to keep this area clear. Thank you.

Procedural writing using our iPad apps, photos and videos to record our thinking in an exciting way.
Mrs Austen and myself have been blown out of the water by some of the children’s efforts this week.

To just highlight a few, Charlie, Lachie P and Sam have brilliantly used the new comic section of the Book Creator App to create fantastic procedural writing about getting to school and making paper planes.

Lachy T (our resident grade one construction wizard) has made a sensational video to use in the BIG WRITE on Thursday. The technical aspect of it is outstanding.

To us, it is one of the many reasons for using iPads as a motivating learning tool. The bonus too, for them (and us) is that they have been so excited about learning, they have created this excellent work in their own time!
