## Happy Students Happy Staff Happy Parents

Our school provides a unique and dynamic learning experience for its learners. We have a history and culture of high expectations, parent involvement and academic excellence. It is our intention to promote our trademark values of Respect, Excellence, Care and Teamwork. Our school is recognised by the local community for its safe and caring environment. We work with families closely to support and build strong relationships.

Our new school was built in 2013. It has the latest up to date technology and learning spaces, where teachers work in collaborative teams to personalise learning for all students. iPad technology is embedded into all areas of learning and is strategically used to support learning. All students and staff have iPads to support our learning culture.

Our House System, Creative Arts, Science Specialist, Discovery Learning, Kitchen and Gardening Programs are just some of the unique experiences our learners have here at Woolsthorpe.

We equip learners with traits necessary for their school life and real world contexts. Our school values each learner's passions and aims to develop students' confidence, knowledge, understanding, appreciation, curiosity and most of all a love of learning.
